

2022 Rules

\$75 entry fee, 100% payout (minus \$70 website upkeep cost)
 # of places paid will be approx 15%
 you may enter 1 team into the league

everyone starts with 1000 pts
 minimum bet per **week** is 50 (you do not have to bet on mid-week, sunday, AND mnf games)
 minimum bet increment **is 50**

there is no maximum bet except the amount you have
 if you send in a bet without an amount along with it, the bet will be 50
 if you send in bets that are over the amount you have, I will remove/reduce bets at the end or bottom of your list
 bets need to be sent to tony@dzubay.com by Friday 12:30 unless otherwise specified
 if you are stressed for time or on the road, you can text me your picks also. 507.261.9932
 each player gets one mulligan (no bets needed for the week)

If you do not submit bets for the week and have used your mulligan, you will lose 50 points

new if any game is cancelled due to pandemic reasons or pushed beyond Tuesday, the bet will be pushed
new if the season ends early without 1) at least 4 weeks notice, AND 2) playing at least week 10, all remaining players will split the total purse equally regardless of point totals, otherwise payouts continue as normal

home teams will be in CAPS

if "off" is in the O/U cell then no O/U bets are allowed on that game

if "off" is in the teams cell then no team bets are allowed on that game

the line is set once it is sent out to all players even if they change before the games start

line for this year will be obtained from www.sportsbook.ag

if you end w/ below 1000, the most you can take out of the ranked pot is your entry fee, \$75.

if fewer people are left than are supposed to be paid, the bottom place amount(s) will be split between the others
 any remaining pot money, will be split in \$5 increments starting with 1st place, 2nd, etc, then back to 1st
 all play & stats will stop if there is one person left, he/she will not be allowed to bet out the rest of the year
 ties will be decided by "overall", then "win %", then "total amount bet"

you do not have to end the year with any pts to be eligible for the statistics payouts

if the name is grayed out on the statistics tab then that player's total amount is down to 0
 the "overall" category assigns points from 1st to last in each category, adds together, low score is best

note the "most lost in one week" assigns points opposite of the rest

 indicates the bet was won and that amount bet will be added to your total
 indicates the bet was lost and that amount will be subtracted from your total
 indicated a push and your amount bet will be refunded to your total
